

Aftershock: Protect Yourself and Profit in the Next Global Financial Meltdown

From the authors who accurately predicted the bursting of the global bubble economy comes the definitive look at what lies ahead in 2013 and beyond. Written by the market oracles who predicted, with uncanny accuracy, the global financial meltdown and the economic chain reaction it set in motion, *Aftershock* offers a vivid picture of what to expect when the world's bubble economy inevitably pops. More importantly, it tells you how to protect your assets before and during the coming *Aftershock* and how to capitalize on the new opportunities that others will miss. Building on the valuable insights and proven predictions of their previous books, the authors of *Aftershock*, Third Edition offer their latest thinking and advice as the economy moves even closer to the coming *aftershock*. Explains why and how the stock market, real estate, consumer spending, private debt, dollar, and government debt bubbles will burst, driving up unemployment, devaluing the dollar, and causing deep recession around the globe. Updated to include the latest developments, such as new coverage of monetary stimulus and a more global focus (with special attention to Europe and China). Offers new actionable insights about protection and profits in an increasingly confusing investment environment.
