

A surprise visitor to the Aerie provides devastating news for Happenstance about his past--but its the future that Umber and Hap must contend with: they need to learn all they can about Meddlers if they are to discover what Haps role in Umbers mission is to be. And that means a risky trip to The Inferno, where Caspar has taken the key pages of Umbers research. But thats only one of the perilous journeys Umber has in mind for his mysterious ward: Umbers nemesis, the wheeling and dealing Hameron, has acquired some dragon eggs, and Umber cant resist the opportunity to study a new magical species, even if it means a trip to the corrupt kingdom of Sarnica. But when he and Hap see what the warlord of Sarnica has planned for the dragon hatchlings at the upcoming Dragon Games, Umbers quest for knowledge turns into a dangerous rescue operation.
