Famous Men of the Middle Ages features attractive biographical sketches of thirty-five of the most prominent characters in the history of the Middle Ages, from the barbarian invasions to the invention of the printing press. Each story in this book by John Haaren is told in a clear, simple manner, and is well calculated to awaken and stimulate the youthful imagination. Notable characters featured in Famous Men of the Middle Ages include Attila the Hun, Charlemagne, William the Conqueror, Frederick Barbarossa, Marco Polo, and William Tell. Somewhat surprisingly, Famous Men of the Middle Ages also includes a chapter about one woman: Joan of Arc.
