Freya's family is wonderful. Just not to her. After all, her older sister loves to talk about pulling a Freya - a term for any mistake she makes, her younger sister publicly reads from Freya's diary without ever getting reprimanded, and her parents hardly take notice of her. But that is all about to change when her father, Denmark's renowned Viking archaeologist, asks her to hide a precious artifact where no one will find it. Freya jumps at the chance to prove her worth and suddenly discovers herself transported to a magical forest where she comes face to face with not only real Vikings, but a clan of sprites and a Berserk as well. In search of a way home, Freya unearths a realm of adventure and a path to greatness she is sure her family will revere.
