Guerrilla Tourism Marketing is comprised of 4 parts:

- * Multi-Channel Marketing - In this section the authors discuss ways to use multiple, digital marketing tools to increase engagement, exposure, traffic and profit. Topics include internet marketing, local marketing, social media marketing, mobile marketing and promotional strategies.
- * Leveraging Relationships - In this section the reader is introduced to ways to leverage relationships using fusion marketing (joint ventures, strategic alliances); create and nurture relationships by providing exceptional customer experiences; earn customer engagement; build a community around your business; attract and retain guerrilla employees; incentivize key people to encourage desired behavior; and recognize employees to create a more profitable business that delivers on your brand promise and builds more engagement.
