

Jackie After Jack: Portrait of the Lady

In this much-anticipated sequel to his 1996 bestseller, *Jack and Jackie*, Christopher Andersen is certain to make headlines once again with his revealing account of Jacqueline Kennedy Onassis's life after Jack Kennedy's death. Incredibly, Jackie Kennedy was only thirty-four when JFK was assassinated. With her husband, she had already captured the world's imagination. Without him, she would hold it until her own death three decades later--achieving a kind of global fame unsurpassed in this century. Billions of words have been written about her, but Jackie guarded her privacy so fiercely that the last thirty years of her life are still veiled in secrecy and mystique. For the first time, drawing on previously sealed archival material and newly declassified government documents--as well as important sources who have agreed to speak here for the first time--*Jackie After Jack* paints a sympathetic yet often startling portrait of Jackie in all her rich complexity. Alone after Dallas, Jackie summoned the strength, grace, and dignity to go on. Along the way, she struggled with those all-too-familiar issues of remarriage, in-laws, money, romance, children, stepchildren, grandchildren, aging, illness, and finally, her own mortality. *Jackie After Jack* traces this remarkable woman's personal journey--and captures the drama, humor, glamour, and heartache that have made Jackie an enduring source of fascination and inspiration for millions. Startling new revelations include: The surprising truth about the men in Jackie's life before Onassis and after; Important new information about Dallas and its aftermath -- including Jackie's battle back from depression; How she avoided the Kennedy pitfalls in raising her children; what impact Jackie had on JFK, Jr.'s romantic life; Jackie's spiritual quest, and never-before-revealed details about her final days.

Jackie Kennedy was only thirty-four when Camelot ended in a blaze of gunfire on November 22, 1963. With JFK, she had captured the worlds imagination. - 6 secRead Ebook Now <http://?book=0688153127>Download I enjoyed this, but it wasnt as interesting to me as Jack and Jackie, mainly because the Kennedys were not that big a part of it, other than Bobby.
