Continuing to put great classic and contemporary design within everyone's grasp, Chronicle Books proudly delivers the next four installments of the popular Compact Design Portfolio. Written by top design critics, these books cover modern masters whose work ranges from the cozily domestic to the aggressively avant-garde: Eva Zeisel, whose elegantly democratic housewares span a 70-year career; Ingo Maurer, who raises lamp and lighting design to a high art form; Gaetano Pesce, whose rejection of traditional good taste brought about revolutionary furniture design; and George Nelson, the impresario behind the Marshmallow sofa and other Herman Miller classics. Following the introductory essay, a visual gallery exhibits selections of the designers' best work in photographs and sketches. Presented in an irresistible small format, this series encapsulates the life, work, and influence of the great designers of our time.
