

## Shrek 2 (Cine-Manga Titles for Kids)

This work features the greatest fairy tale never told! Now that Shrek and Princess Fiona are married, its time for Shrek to meet Fionas parents. Unfortunately, they are far from pleased that Fiona has married an ogre. Shrek, Donkey and their new cohort Puss in Boots get caught up in a host of all-new hijinks in this sequel to the hit movie Shrek! (copy from first Shrek, though I dont think this should go on back cover: Youve never met a hero quite like the endearing ogre Shrek. Join him and his lovable loud-mouthed Donkey as they set out on a quest to rescue feisty Princess Fiona and win back the deed to Shreks beloved swamp from the scheming Lord Farquaad!)
