

Take the Hassle Out of Dinner With These Slow Cooker Recipes Are you a chef on the edge? Are you a busy wife and Mom who barely has time to pluck her ever-encroaching chin hairs let alone make sure the people in her house are clean, smell good and up to date on shots? And yet, despite the fact that you're on the edge, one strong wind away from going over, you're still expected to put dinner on the table even though the other humans in your house all have working hands and can technically feed themselves.
