

Cross-Cultural Psychology: Critical Thinking and Contemporary Applications Plus MySearchLab with eText -- Access Card Package (5th Edition)

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE Provides a comprehensive overview with focus on critical thinking. The fifth edition continues a focus on applying critical thinking framework in examining, analyzing, and evaluating psychological data. With significant rewriting, new topics, and updated references, this text keeps pace with the rapidly changing conditions of modern times. The dynamic team brings a unique set of experiences and perceptions in writing this book

Learning Goals Upon completing this book, readers should be able to:

- Better understand the field of cross-cultural psychology
- Understand contemporary theories and research in cross-cultural psychology
- Use critical thinking to examine, analyze, and evaluate the field of cross-cultural psychology
- Assist current and future practitioners from a wide variety

of fields and services Bundle with MySearchLab with eText: 0205844677 / 9780205844678 New to this Edition

Current cross-cultural research including ethnic and religious identity, psychological effects of globalization, spirituality, cross-cultural communication, evolutionary anthropology. A broader selection of applied problems such as avoiding stereotypes and psychodiagnostic biases, reducing mistakes in facial recognition, improving effectiveness of classroom learning, and many others. A greater interdisciplinary perspective, using research from contemporary psychology, as well as neurophysiology, genetics, anthropology, sociology, and micro-economics. An expanded companion website, which provides additional information for instructors and students. More than 130 new reference sources and new research data related to a diverse array of ethnic groups. A new and expanded test bank for instructors, which includes a comprehensive selection of questions for every chapter and ready-to-use-quizzes. Features A critical thinking framework, including Critical Thinking boxes and tables, provide practice in developing learning skills. More than thirty high-interest activities and exercises provide students ample opportunity for active learning and enhanced comprehension. A Case in Point sections review and illustrate controversial issues, display cases and research findings, and introduce various opinions about human behavior in different cultural contexts. Cross-Cultural Sensitivity boxes underscore the importance of empathy in interpersonal communication. Relevant quotations from a wide range of sources provide divergent points of view, pique readers interest, and inspire critical thinking.
