

Water: The Elements

Book by Robbins, Ken

Classical elements have been frequently used in pop culture in genres such as fantasy, literature, film, humor, television, video games, comic books, toys and even music. Typically a character or characters are linked to one or more of the four classical elements (air, water, fire, earth). Astrology has used the concept of classical elements from antiquity up until the present. In Western astrology and Indian astrology four elements are used: Fire, Earth, Air and Water. The four elements of fire, water, air, and earth are the basis of many magical and spiritual systems: the native American medicine wheel, the four corners of The 4 Elements & Personality Traits. And yet, water people are so sensitive that they often have a hard time unplugging from life's chaos. Consequently, many water people, like the fire element, came out of the Akasha (Spirit Element). Water was the second element in creation and is the polar opposite of fire. Western Astrology uses four elements -- Fire, Earth, Air and Water -- and each of the 12 zodiac signs falls into one of these categories. (Chinese astrology uses five elements -- Wood, Fire, Earth, Metal, and Water -- and each of the 12 zodiac signs falls into one of these categories.) Water element is represented in nature by rivers, oceans, lakes, rain, mist and snow. People with balanced Water element are calm. Air, Earth, Fire or Water? Are you compatible with a new man?
