

The New Game on Wall Street

The investment process is always changing - rapidly, importantly, sometimes irretrievably. Because this is the case, many of the books once thought of as evergreens are hopelessly outdated. This book is intended to inform readers of how the market operates - today. Written by a man whose knowledge of the subject is vast and whose other works include *The Big Board: A History of the New York Stock Market*; *AMEX: A History of the American Stock Exchange*; *NYSE: A History of the New York Stock Exchange*; and *Inside Wall Street*, this is a comprehensive, up-to-date trade analysis, which takes into account the many recent changes, and considers possible future changes and trends.
