

337 pages... the longest in the series. Graduation is coming, competition is fierce, and four new tests have Runt shaking in his enchanted little ninja boots. As he struggles to hold onto his student rank, he faces the most difficult challenge yet. Rivalry. Jealousy. Betrayal. Sabotage. For his dream to become a reality, he must overcome all of this ... and learn that a warrior's true strength lies not in the sword, but the heart. (This ebook is written by me, the actual Cube Kid. Check my Facebook to confirm.) Note: This book has a Kindle page count of 337, making it more than twice as long as any other book in the series. Books 9 through 11 were roughly 130 pages each. This is the reason for the slight price increase. I, Cube Kid, will never scam you.
